Allan Soares and Lynda Dyer, co-founder of the Allyn fund, have established a scholarship fund to assist with the up-skilling of economically disadvantaged female students in years 2-4. The objective is to enable these women to improve their economic prospects by acquiring workforce ready skills alongside their graduate studies.

Then Meghna Bakaraniya started with the session by showing us a ppt which she had prepared for the event. She asked students to read out the slides in the ppt so as to make the session more interactive. She also told us about how to categorize work and what is the importance of time management in our lives.

The session ended at 3.30 PM by a vote of thanks given by Prarambhi Kharose and giving a token of appreciation to Mrs. Meghna Bakaraniya by Mrs. Martina and also with some group photos.
