

ALLYN SAMACHAR

Official Allyn Girls Newsletter

July 16– July 31, 2024
Vol. 01, Issue 14

As we began the new semester, we were filled with anticipation and a renewed sense of purpose. This semester brought an important milestone for our college—the NAAC committee visit. Our focus shifted to coming together as a community to prepare for this crucial accreditation process. Each of us played a vital role in showcasing the strengths and achievements of our institution. The preparation involved meticulous work, collaboration, and a shared commitment to excellence. As we geared up for the NAAC visit, we remembered the importance of teamwork and the impact we could make when united for a common goal. It was a time to highlight our hard work, dedication, and the values that define our college. We approached the semester with enthusiasm, not just in our studies but also in contributing to the successful accreditation of our institution. Together, we ensured that our college shone brightly during this important assessment, setting the stage for continued growth and success in the years to come. Allyn girls i.e Bhanavi Pandey, Priyanka Pratap Reddy, Serina Selvan and Nirjal Chaudhari got felicitated by Hactify and IET on 18th July for their participation in CyberSage programme and the CTF.

These are the insights of the Allyn girls’ activities that they did in the second half of July:

Shruti Parade (TE IT) was busy with college work, assisting teachers with documentation tasks in preparation for the NAAC peer team visit scheduled for July 30th and 31st. In addition to that, She is continuing with her placement studies, focusing on learning programming languages and studying aptitude.

Anshu Sakhare (BE IT) successfully completed an internship with IBM in AI/ML, gaining valuable experience in artificial intelligence and machine learning. She is now preparing for placements while also exploring new opportunities to broaden her expertise and stay current with industry developments.

Nirjal Rajendra Chaudhari (TE- CSE) has enrolled in NPTEL courses to expand her knowledge. She is actively learning the MERN stack to prepare for a project competition, aiming to enhance her skills in full-stack web development. Alongside this, she is also focusing on her current semester studies to maintain strong academic performance.

XIE’s VISION:

To nurture the Joy of Excellence in a world of High Technology.

XIE’s MISSION:

To strive to match global standards in technical education by interaction with industry, continuous staff training and development of quality of life.

Prarambhi Kharose (TE-CSE) worked with her team to research and select a topic for their mini project this semester. She played a key role in shaping the project idea to meet academic goals. Additionally, she interviewed for various student committees to get involved in campus activities and gain leadership experience. Balancing both academic and extracurricular pursuits, Prarambhi is actively contributing to her education and campus life.

Shreya Jadhav (BE IT) organized the cultural event for the NAAC visit on July 30th and 31st, 2024, in her role as Assistant General Secretary. The event featured more than 30 participants and included the NAAC Committee as the chief guests. The audience comprised all teaching and non-teaching staff.

Erica D'Cruz (BE - Comps) actively participated in a specialized course on competitive programming. The course was designed to enhance her problem-solving skills and algorithmic thinking, which are essential for excelling in programming contests and technical interviews.

Rakshita Sarap (BE - IT) There was NAAC Committee visiting our college . She being a part of the Student Council was organizing the Cultural event for NAAC. She also sang Saraswati Vandana in the Cultural event organized for NAAC.

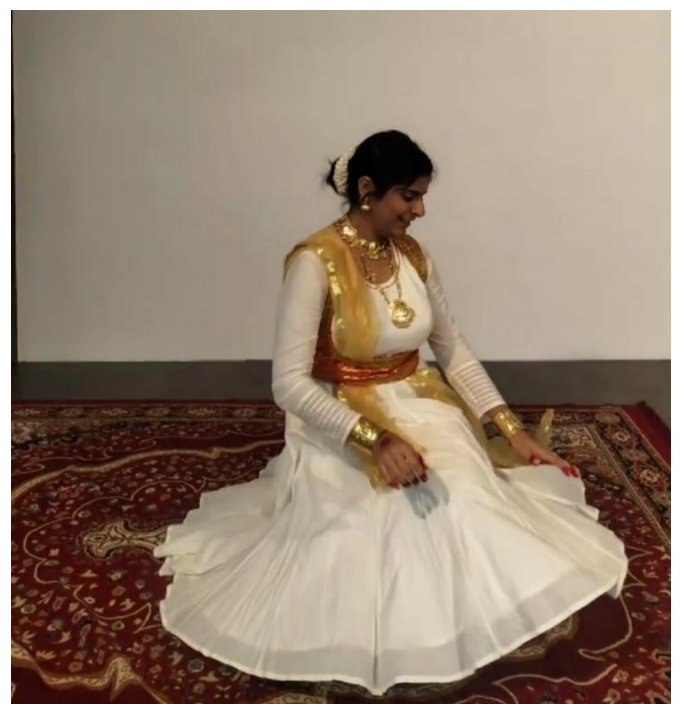

Kanchan Kumari (SE IT) played a pivotal role in advancing her academic and practical knowledge through her involvement in Database Management Systems (DBMS) experiments and a mini project. Her work on

DBMS experiments included hands-on practice with database design, implementation, and management, which are crucial skills in the field of IT.

Lekha Pulavarthy (TE-IT) started her major project by researching potential topics to find the most suitable one. At the same time, as the CSX committee coordinator, she completed pending tasks from the previous academic year to ensure a smooth transition and effective management for the current year.

Riya Kamble (BE IT) played a key role in selecting projects by evaluating potential options. She also assisted professors with documentation work, helping to organize and prepare necessary materials for academic purposes. Her contributions reflected her dedication to both her studies and supporting faculty.

Bhanavi Pandey (TE CSE) performed an elegant classical dance during the visit of the NAAC (National Assessment and Accreditation Council) committee. Her performance was a key highlight of the visit, showcasing her artistic talents and adding a cultural dimension to the event.

XIE's VISION:

XIE's MISSION:

To strive to match global standards in technical education by interaction with industry, continuous staff training and development of quality of life.

Divyajothi Raja (TE -IT) developed a highly responsive and visually appealing clone of the Sundown Studio website as a front-end project. In addition to this, she is practicing data structures and algorithms (DSA) and aptitude tests to prepare for placements.

Vishnu Priya Sahu (TE CSE) showcased her "Queue Optimizer for Vehicle Parking" project at the exhibition. The project was evaluated by the NAAC committee and alumni judges, who assessed its innovation and effectiveness. This opportunity allowed Vishnu Priya to demonstrate her skills and receive valuable feedback.

**"A woman is the full circle.
Within her is the power to
create, nurture, and
transform."**
