**Date, Time & Platform:**

Date : 5<sup>th</sup> March, 2022.

Time : 5:30 pm – 7:30 pm

Platform: Zoom

Total Participant: 111

Participant Attended: 59

With the motive of encouraging students to gain knowledge of blockchain technology and to give a gist about how it works, a webinar “INTRODUCTION TO BLOCKCHAIN TECHNOLOGY” was conducted for all year’s students of XIE on 5<sup>th</sup> March, 2022.

The Event was created and organized by Dallas Vaz & Shaun Noronha under the banner of the Computer Society of Xavierites with the guidance of Prof. Jyotsna More and Prof. Teena Varma.

The webinar commenced by 5.40 pm with the guest speaker Ms Shradha Khapra being introduced by the event coordinator. The speaker then went on to introduce the topic of blockchain technology and its application. Students actively participated in this event by interacting with the speaker. The event progressed with the speaker also sharing knowledge about other fields. The webinar was then opened for questions for the attendees and all of them being answered by the guest speaker.

Finally it was time for the webinar to end at 7.30 pm by the student coordinator giving a Vote of Thanks to Ms Shradha.

The overall participation for this event was positive and students were given the chance to gain knowledge effectively.

**Student Feedback and Benefits**

The overall participation for this event was positive. Students were able to learn about the new boom in the industry which is blockchain technology and successfully implement this knowledge in their projects. Finally, the event was a success and the participants enjoyed taking part in the event.
