**Event Coordinator(s)**

1. Ms. Divyajothi Raja
2. Mr. Akib Sayed

**Speaker**

**Mr. Ishan Vaghela**

**Time & Venue:**

**03:30 PM to 05:30 PM**

**COMPUTER CENTER**

**No of Participants: 20**

The Computer Society of Xavierites (CSX) organized a seminar on "Hibernate Framework (ORM Tool)" to acquaint students with the techniques and tools required to build Java applications to interact with the database.

The event was coordinated by **Mr. Akib Sayed** and **Ms. Divyajothi Raja** under the guidance of **Prof. Sulochana Devi**.

The speaker for the seminar was **Mr. Ishan Vaghela**, from TE-IT. He is a Professional Tutor and teaches various programming languages. The event was hosted by **Ms. Divyajothi Raja** from TE-IT. She introduced the speaker to all the participants and gave a brief introduction to the session.

The speaker gave a detailed explanation of the Hibernate framework by performing various operations like data creation, data manipulation, and data access. He explained how the ORM tool internally uses the JDBC API to interact with the database. The speaker also demonstrated how the object is mapped to the data stored in the database.

It was an interactive session where the speaker cleared the doubts and had a one to one interaction with all participants. The Seminar was concluded by a vote of thanks.

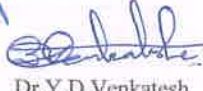

**Student Feedback and Benefits:**

The overall response to the seminar was positive. The seminar helped participants gain knowledge of the Hibernate Framework. The participants were able to understand how Hibernate simplifies and optimizes database interactions, making it an indispensable framework for efficient data management in Java applications. The event was successful and helped to provide knowledge to all participants.
