The Computer Society of Xavierites conducted its first event of the academic year, the 'Quiz Challenge' on 7th February 2025. It was an event where students could showcase their knowledge to score and win prizes.
The event was organised by **Mast. Vashisht Urgonda** and **Mast. Sachin Vishwakarma** under the guidance of **Prof. Leena Patil**, **Prof. Nilambari Narkar**, and **Prof. Sulochana Devi**. It was open to students from all years.

The event itself, was a multiple choice quiz conducted on the Kahoot platform. The quiz was based on the topic of **'Cybersecurity and Programming'**. Participants were asked questions ranging from multiple difficulties across the given domains. Enthusiastic participants put the best of their knowledge to solve the 20 questions posed to them.

The event saw attendance from 28 students from across CSE, IT, and COMP and from second, third, and fourth years. The top three rankers were as follows: 1st place: **Anas Fodkar**, 2nd place: **Krish Trivedi**, and 3rd place: **Prathamesh Vaidya** securing cash prizes of **Rs. 1000, Rs. 500, and Rs. 500** respectively.

Student Feedback:
The response was immensely positive. Each student was showing the spirit of competition. The students loved the idea of this quiz competition and showed interest in future events.
