

Report on	Computer Assembly Workshop
Organized By	Computer Society of Xavierites (CSX)
Date and Time	08 <sup>th</sup> Feb, 2019, 4:30pm.
Venue	1 <sup>st</sup> floor , computer centre, Xavier Institute of Engineering, S. L. Raheja Hospital Road, Mahim
Resource Persons	<ul style="list-style-type: none"> <li>• Jay Barot(TE-IT)</li> <li>• ShivangMehedekar(TE-COMPS)</li> </ul>
Coordinators	<ul style="list-style-type: none"> <li>• ArchanaSahoo(SE-COMPS)</li> <li>• Yeshwin M. (SE-COMPS)</li> <li>• RickitaBaptista(TE-COMPS)</li> <li>• AdityaAspat(TE-COMPS)</li> </ul>
Objectives	The prime <b>objective</b> of organizing the event is to teach the students the fundamental parts of a Computer and also how to assemble it and they can later build their own PCs.
Details of the Activity	The <b>First CSX workshop</b> on Computer Assembly was organised and conducted by the CSX committee. The students from the FEs showed a huge interest in this workshop. All the students gathered in the computer centre by 4:30pm. The total count for the event was 61. One working CPU was assembled and shown to the students.

	<p>All the information about various parts of the CPU was given to them. After the explanation part, around 5:30 the students were given all the parts to assemble a PC and they were told to assemble it. There were in all two PCs for the students to assemble. While Assembling, all the doubts of the students were cleared. The workshop ended around 6:00 pm.</p>
Outcome	<p>Computer Assembly is an important process that every student must know. As it received a huge interest by the students, we will be looking forward for more such workshops.</p>
