The InnoVision Challenge Ideathon was conducted on 8th May, 2024 at Seminar hall from 9.00 am onwards. The Institution of Engineering & Technology and XIE-IIC jointly organized this event. Prof. Chayya Narvekar , Innovation cell head of IIC was joint coordinator for this event. Along with IET staff coordinator. Dr. Vaishali Gaikwad. The Event mainly focused to catalyze innovation, inspire creativity, and provide platform to participants for presenting impactful ideas that address the challenges of today and tomorrow.

A specific theme or set of challenges around which participants will brainstorm and develop ideas. It was Open to students, professionals, and enthusiasts from various fields having Individuals or teams comprising diverse backgrounds, skills, and perspectives.

Mentors, industry experts, and facilitators named Mr. Rohit Bokade, Mr. Tushar Adivarekar, Prof. Jayeshree Hajgude, Mr. Sayed Hariyal were invited to guide and judge participants.

EVENT OUTCOME(s):

1. Participants generate new and creative ideas to solve specific problems or challenges.

2. Opportunity for participants to network with peers, mentors, and industry experts.

Availability of tools, materials, and resources needed for ideation and prototyping were made available to the participants. The event was concluded by valedictory session wherein the winners were announced and felicitated with the token of appreciation. The event concluded with the group photograph including coordinators, participants and industry experts.
