Mesdames/Gentleman,

I am directed to inform you that the University has appointed you as a member of the Committee to make local inquiry and to report thereof on the application for continuation of affiliation of the above mentioned college for the academic year 2018-19 with previous years, if any.

I am, therefore, to request you to kindly form yourselves into a Local Inquiry Committee and to visit the said college, to strictly verify the infrastructure with requisite documentary evidence and submit your report within 15 days. Kindly, treat this as mandatory duty as per University rules.

You are requested to verify the compliance made by the college as per the recommendations in earlier LIC committee report. You will also note the compliance of the conditions laid down by A.I.C.T.E./ N.C.T.E./ C.O.A./ B.C.I./ P.C.I., Higher & Technical Education Department.

If you are connected with any committees or bodies of Management of the college, you are requested to inform this office immediately. I am enclosing herewith all the relevant documents for your kind perusal.

Thanking You.

Yours faithfully,

(Deepak Wasave)

39

You may be aware that, K. J. Somaiya College of Engineering is a reputed College affiliated to the University of Mumbai with an Autonomous status for a period of five years (2014-15 to 2018-19). The College is recently been awarded with 'A' grade by the "National Accreditation and Assessment Council" (NAAC) from May 2017 for a period of five years. As per the mandatory requirement for any Autonomous Institution, there is a Subject Board for individual departments, the tenure for which is three years.

As the tenure of the first subject board is over we are now in the process of constituting a new Subject board (tenure three years starting from 2017-18) which would typically contribute towards the following:

- Modifications in the existing autonomous syllabus. We may begin with the detailed syllabus for F.Y.B.Tech and F.Y.M.Tech for academic year 2018-19.
- Prepare a general framework for Electronics Engineering curriculum following AICTE guidelines.
- Offer more flexibility and options to the students in the existing curriculum.
- Suggest / indicate opportunities for the students to have hands-on learning experience.
- Enable the students to become industry ready.
- Introduce research in the ongoing field.
- Orient faculty for pedagogical training on the recent developments.

I would like to request you to provide us necessary suggestions so that we are able to take our College to a new level.

Thanking you once again.

  
**Dr. J. H. Nirmal**
