AGLA STATION HARDWARE JUNCTION

The Agla Station Hardware Junction event, organized by the Technical Committee of the Student Council under Transmission 2024 (Annual Technical Fest) at Xavier Institute of Engineering, took place on second day of Transmission i.e on January 19, 2024, at 3rd floor, LH 8. The event aimed to provide a thrilling competition for electronics enthusiasts, fostering learning, competition, and camaraderie. It attracted 25 participants from all branches, creating an electrifying atmosphere.

11:30 AM: Welcome and Introduction:

- The event commenced with a warm welcome from the organizers, providing an overview of the event format, rules, and judging criteria.

11:35 AM: Round 1: Quiz Blast (Basic Electronics Knowledge)

- Participants engaged in a fast-paced round, testing their fundamental understanding of electronics components, laws, and principles.
- Multiple-choice questions of varying difficulty levels were presented to challenge participants.
- The top 20 participants with exceptional knowledge and quick thinking advanced to Round 2.

12:05 PM: Round 2: Riddle Me This! (Component Riddles on Google Forms)

- Participants demonstrated problem-solving skills by deciphering cryptic riddles related to electronic components.
- Using Google Forms, participants selected the correct answers from a set of options.
- Only the top 10 scorers qualified for the final round.

12:45 PM: Round 3: Circuit Showdown! (Build a Mini-Circuit Based on Hints)

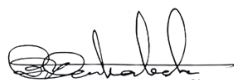

- Participants received electronic components and cryptic instructions to construct a mini-circuit with a specific function.
- The two participants who built the functional circuits in the shortest time and with the most accurate connections were declared winners.

01:30 PM Onwards:

- After evaluating the participant-built circuits, Prof Stella J, the esteemed judge, identified two outstanding creations as the competition winners.
