Event Details	
Event Type	Inter
Event Co-ordinator	Mr. Jayesh Kakade
Judge	-
Venue	LH 02
Date	18th January 2024 - 20th January 2024
Time	09:30 a.m.

Participation Details	
Participation Type	Solo
Comps Department	6
CSE Department	6
EXTC Department	2
IT Department	8
Inter College	0
Total	22

BACHKE CHALO

The "Bachke Chalo", popularly known as "Laser Maze", was a highly engaging and fun-filled full day event held over all three days of the fest in the Lecture Hall 02 on 2nd floor. This event was meticulously organized by the Technical Committee of the Student Council under Transmission 2024 (Annual Technical Fest) at Xavier Institute of Engineering, the event featured a meticulously constructed setup designed by the Technical Committee of the Student Council. Participants were tasked with completing the maze within a set time limit, maneuvering through an array of laser lights strategically placed from different directions to increase the difficulty.

Participants had to navigate the maze within a designated time limit, avoiding contact with the laser beams crisscrossing the path from various angles. The layout was intentionally complex, with beams positioned at different heights and orientations to test the participants' dexterity and strategic planning. The setup involved advanced laser technology, carefully calibrated to ensure safety while providing a stimulating challenge.

Participation and Experience:

- The event attracted a broad spectrum of participants, from first-year students eager to make their mark to seniors looking for a fun and competitive outlet. The inclusive nature of the event encouraged both seasoned athletes and casual participants to take part.
- Each participant received a brief orientation on the rules and objectives before entering the maze. The atmosphere was electrifying, with a palpable sense of excitement and anticipation. As participants maneuvered through the maze, onlookers cheered them on, adding to the festive vibe.

Conclusion:

The "Bachke Chalo" proved to be a banger event, resonating well with the spirit of the fest and leaving a lasting impression on all who attended. It showcased the creativity and organizational prowess of the Technical Committee and provided a platform for students to showcase their skills in a fun and engaging way.
