WESTERN EXPRESSWAY GRAND PRIX

The "Western Expressway Grand Prix" a RC Racing Event, was a highlight of the college fest, showcasing participants' skills in maneuvering Remote Controlled (RC) cars. It was a highly engaging and fun-filled full day event held over all three days of the fest on the Turf of the college itself. This event was meticulously organized by the Technical Committee of the Student Council under Transmission 2024 (Annual Technical Fest) at Xavier Institute of Engineering, the committee members designed and constructed the entire setup, including RC (Remote Controlled) cars and the racing track. The event provided nonstop entertainment and fun for both participants and spectators.

Participation and Engagement:

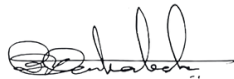

- A large number of students participated in the event, drawn by the opportunity to showcase their RC driving skills and enjoy a fun, competitive environment. The event was open throughout the entire duration of the fest, allowing participants to join in at any time for entertainment and a chance to demonstrate their prowess.

Conclusion:

The "Western Expressway Grand Prix" a RC Racing event was a major success, providing continuous entertainment and engagement throughout the college fest. Participants enjoyed the challenging track, and the event showcased the creativity and effort of the Technical Committee in designing and setting up the course. Overall, the RC Racing event added a dynamic and fun element to the fest, leaving a lasting impression on all who participated and attended.
