FRESHER'S EVE

The Fresher's EVE organized by the Student Council's at Xavier Institute of Engineering on September 16, 2023, was an event filled with excitement, joy, and vibrant energy, organized to welcome the new batch of students to our college. The party was a huge success and left a lasting impression on all attendees.

The seminar hall was beautifully decorated with lights and streamers, creating a festive atmosphere. Senior students and faculty members warmly welcomed the freshers, introducing them to the college traditions and the exciting journey ahead.

The talent showcase that followed featured an array of performances by freshers and senior students. The stage came alive with energetic dance routines, soulful musical performances, hilarious stand-up comedy acts. The talent showcase not only entertained the audience but also highlighted the diverse skills and creativity of our students, making it a highlight of the evening.

Interactive games and ice-breaker activities were organized to help freshers get acquainted with one another and bond with their batchmates. At the end of the Mr. & Ms. Fresher's where declared which were Mr. Sumeet Gupta & Ms. Shannel D'souza.

The Fresher's Eve 2023 was a resounding success, achieving its goal of warmly welcoming new students and fostering an atmosphere of camaraderie and fun. The event helped freshers feel at home and excited about their new journey. The organizing committee, volunteers, performers, and all attendees contributed to making this event memorable. We look forward to many more such joyous occasions in the future.
