IT Department	13
Inter College	4
Total	26

MONOCHROMATIC MASTERPIECE

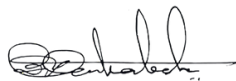

The "Monochromatic Masterpiece" competition, organized by the Cultural Committee of Xavier Institute of Engineering as part of Spandan 2024, unfolded successfully under the efficient management of Kunal Lal Singh, an admin of the Cultural Committee, and his dedicated team. The event took place on the inaugural day of the cultural festivities, precisely on January 18, 2024, commencing at 4 pm in Lecture Hall No. 5.

Participating teams eagerly assembled to showcase their artistic prowess in a unique challenge. Each team was provided with A3-sized paper and instructed to create a drawing using a specific colour shade. The allotted time for this creative endeavour was 1 hour and 30 minutes. The esteemed judge for the competition was Sandip Ishwar Patil, an Art Teacher at Fatima High School in Ambarnath West. Not only did Mr. Patil fulfil his role as a discerning judge, but he also shared his own talents in monochromatic drawing with the participants, adding an extra layer of artistic engagement to the event.

The event was a captivating display of colours, where participants skilfully conveyed their artistic visions using a limited palette. After thorough evaluation, two standout monochromatic masterpieces were selected as the winners, showcasing exceptional talent and originality. The "Monochromatic Masterpiece" competition not only provided a platform for artistic expression but also fostered a vibrant atmosphere of creativity and appreciation for the visual arts. The success of this event was a testament to the dedication of the organizing team, the participants, and the insightful judgment of Mr. Sandip Ishwar Patil.
