ACTIVITY REPORT on Guest Lecture for CCL

Organized By:	Dr. Kunal Meher
Date of the Event:	09 th Feb, 2024
Venue:	Computer Center
Name of the Speaker(s):	Mr. Vivek Sharma
Designation and Organization of the Speaker(s) :	Data Engineer, Quantiphi
Participants Details:	TE Computer students
Number of Participants:	32

OBJECTIVE(s):

1. To use GCP services for Data Engineering.
2. To understand the importance of cloud in industry.

TOPIC: Data Engineering using GCP

EVENT OUTCOME(s):

1. Students are able to engage in independent and life-long learning in the broadest context of Cloud Computing.
2. Students are able to design cloud services that meet the specified needs with appropriate consideration for the real time applications.

KEY POINTS:

Dr. Kunal Meher welcomed and introduced the speaker to the audience.

The expert speaker, Mr. Vivek Sharma started the session by explaining the importance of learning Cloud Computing course and its use in the industry. He demonstrated various services used for Data Engineering in Google Cloud Platform (GCP)

The workshop was followed by a Question-Answer session, facilitating the participants to get inputs from trainers on their queries related to the topic of the guest lecture. The trainer addressed all the questions and provided their valuable recommendations for the same to the participants.

The session ended with a Vote of Thanks from Dr. Kunal Meher.
