Objectives:

The objective of a project exhibition for engineering students is to showcase their skills and knowledge and demonstrate their ability to produce a real-world solution to the current needs using their technical knowledge.

Description:

The Department of Information Technology arranged a Mini Project Exhibition on Mini Project2A Lab for the students of TE IT and the event is coordinated by Prof. Stella J on 18th October 2024 from 09:00 - 11:00 am. This event is hosted by Prof. Stella J and Inaugurated by Director, Fr. Dr. John Rose and Principal, Dr. Y.D Venkatesh. The introduction speech was given by Fr. Dr. John Rose, Director. A total of 16 Groups participated and showed their Python based website development projects with recent technologies with Django, MongoDB etc. Students shared their research findings, project outcomes, and innovative ideas with their peers, and faculty members and it is evaluated. This allows students to receive feedback and suggestions, which can help them to improve their projects and gain valuable insights to extend the projects to make a product. Additionally, project exhibitions provide a platform for students to interact with the experts, allowing them to explore future opportunities.
